

NINETEEN Q370

The industrial PC can be built into 19" racks and is a real storage wonder: Up to four SSDs that can also be connected as a RAID.

19" industrial PC for network applications

The NINETEEN Q370 is placed in a robust metal housing that fits - thanks to its dimensions of 483 x 44 x 390 mm and optional din rails - perfectly into 19-inch racks. It is also a real storage wonder: Up to 4 SSDs can be built into the Mini-PC and be connected as a RAID and like this, ensure multiple Terabyte safe storage.
