

BOX E3940

Ultra-compact mini-PC with fanless cooling, low power consumption and dimensions of only 165 x 109 x 40 mm. Can also be display 4K twice.

Digital signage in the smallest space

The centre piece of the BOX E3940 is the namesake Intel® Quad-Core E3940 CPU that has a very low power consumption. Combined with a passive cooling system, the small dimensions of only 165 x 109 x 40 mm and numerous ports, the Mini PC is perfectly made for easy 4K digital signage applications.

Technical Data

General

CPU	Intel® Atom E3940
Applications	Digital Signage, Industrial PC
Power consumption Idle in W	5
Ambient conditions	0°C up to +50°C
Cooling	passive
